Hi Karina,

This may be more than you want. Attached you'll find the funding guidance (which contains the current CCMP revision guidance), original CCMP approval guidance, program evaluation guidance, and PowerPoint slides from yesterday's meeting that sort of walks through the type of guidance we have available.

EPA region 10 and Lisa Phipps, director at Tillamook Estuary Partnership put these slides together.

You asked me earlier today if we have any CMP guidance- my short-term answer is- I'm not aware of any separate guidance for monitoring programs except for quality assurance guidance which applies to all EPA program. I haven't had a chance to check with colleagues here yet.

Best,

Erica

Subject: NEP funding guidance appendices?

Can someone please send the NEP funding guidance appendices to me? All I have been working with is the attached doc re: CCMP revision process.
